

Congratulations and Thanks to Team Philippines for the Tokyo Olympics

August 9, 2021

We extend our warmest congratulations and deep gratitude to all our athletes who competed at the Tokyo Olympics.

Our athletes brought so much pride and joy to a nation struggling with the devastation wrought by the COVID-19 pandemic. Their stories of hardship, sacrifice and perseverance to deliver their world-class performances gave us hope that we, too, can overcome the challenges we are facing today. And they have inspired our youth to believe that they, too, can one day stand in their shoes.

We thank the coaches, trainers, and other support staff who were invaluable in bringing our athletes to peak performance levels, and the sports officials who helped create opportunities for them to hone their skills through international training programs and competitions.

We also thank the private sector entities, many of whom we count as our members, who have given unstinting support for our athletes.

Mabuhay kayong lahat!

FRANCISCO ED. LIM
