MAP Urges our Senators to Restore the Credibility of the Senate

May 25, 2026

The Senate of the Philippines has convened as an impeachment court to try Vice President Sara Duterte – a solemn constitutional duty that demands the highest degree of public trust and institutional credibility. It now undertakes this responsibility at a difficult moment, amid deep political divisions and widespread public outrage over the erosion of confidence in the Senate.

In this context, we in the Management Association of the Philippines (MAP) call on our senators to take every step necessary to restore the credibility of the Senate and strengthen public faith in the impeachment process. We respectfully urge the consideration of a peaceful and principled realignment in Senate leadership that will place the proceedings on the firmest possible foundation of impartiality and fairness.

A Senate leadership that is widely regarded as objective and above partisan interest will help safeguard not only the rights of the accused and the integrity of the House prosecutors, but also the legitimacy of the Senate as an institution entrusted with constitutional responsibility.

At this critical moment, we urge our senators to remain steadfast in their fidelity to the Constitution, uphold the highest standards of institutional integrity, and demonstrate the credible and principled governance that the Filipino people deserve.
